Procedure for using the Listing Eligibility Form (ALS-1a)

Children whose cases have passed pre-screening may be eligible to be listed in the Adoption Listing Service. If a child's case has not passed pre-screening, they are not eligible to be listed, per DCFS Policy Transmittal 309.40.

Agency workers should complete the *Listing Eligibility Form (ALS-1a)* prior to completing the ALS Child Registration Form (ALS-1), to determine if the child is eligible to be listed.

The *Listing Eligibility Form (ALS-1a)* MUST accompany an ALS-1 when being submitted to AICI by the agency worker. An Adoption Listing Worker (ALW) will review the ALS-1a to determine the child's eligibility.

The child's worker will complete the ALS-1a for each child (or sibling group), either over the phone with an ALW or by writing responses on the ALS-1a and faxing it to the AICI at 312-346-0004. From the answers given, an ALW will determine whether the child will be listed in the AICI database or returned to either the child's agency ALS contact person or the child's caseworker as ineligible for listing.

The child's worker should attach an ALS-1a to an ALS-1 for all children being listed.
